

CIES Language Issues, Call for Proposals

The Language Issues SIG will sponsor 2 highlighted sessions at CIES 2014 conference, and will have a special focus this year on collaborating with subject-based SIGs.

We are looking for individual papers, panel, and poster proposals that engage with the conference theme: "Revisioning Education for All." We encourage papers using a variety of epistemological, methodological, and theoretical perspectives on language issues in education and society, and encourage work by practitioners and researchers from around the world.

We would like to encourage **poster submissions**, which are an excellent way to present work and engage in dialogue with others. In addition, **group panel proposals** (of up to 4 individual presentations) will be considered. Proposals that are not accepted for the Language Issues SIG will be reviewed for inclusion in the conference's general pool.

Please refer to the conference's general call for papers for proposal guidelines and access to the online proposal submission system: <http://convention2.allacademic.com/one/cies/cies14/>

In order to submit a proposal to all SIGs, you are required to be a dues-paying member of the SIG. SIG membership is \$10 and the dues can be paid at <https://subfill.uchicago.edu/JournalPUBS/Donation.aspx?webpub=cernale>. Alternatively you may pay \$10 in dues when you register for the 2014 conference through the online registration system. We invite all CIES members to join the Language Issues SIG at the time of conference registration.

We look forward to receiving and reviewing your conference proposal. For more information about the LISIG, please contact the Board Members at cieslangsig@gmail.com.
